THE QUESTIONS AT ISSUE.

The situation in Maine grows in used for the bogus currency. interest. Our special dispatches from Washington, published exclusively in yesterday's CHRONICLE, show that the Republicans know maintain them. At first blush without due caution. But upon a open and notorious disregard of the at all. The Republicans of Maine owe it to themselves and to the whole country to make this fight in behalf of pure elections and free If such unscrupulous is successful in this we may as well turn the Government, State and National, over to corrupt, petty tyrants of the Garcelon stripe, and the people need no longer trouble themselves with the affairs of the Government. It is not simply a question as to whether the Governor of Maine, and the Legislature, shall be Democratic, but whether the voice of the people as expressed at the ballot-box shall be disregarded and disannulled by corrupt,

partisan tyrants.

The record of the Republican but we are glad they did it. It ning rod .- Nashville Banner. gives emphasis to the Republican position, and shows clearly to the world the character of the fight which Tennessee Republicans - exto wage against the cohorts of dishonesty next summer. We have been in a hopeless minority for a long time, but this constant, uniform espousal of the right as against the wrong is bound to win in the end.

The people of Tennessee are not the knaves and rascals that Savage and his motley crew of ignorant adventurers would have the world believe. These people have been their leaders, or those who have at, "see snakes."

tempted to lead. If the Republicans of Tennessee were animated by no higher motives than those of mere expedience, they would be right in taking high grounds in favor of an honest payment of the State debt. But they are, we trust and believe, moved by higher considerations. They are for settling the debt because it is right, and honesty is always the best policy. The action of the Republican Legislative Caucus meets with our cordial approval. By the principles enuns ciated in their resolutions, we propose to stand or fall.

A MISTAKE

The National Republican Committee, at its late meeting in Washington, committed one serious blunder. An effort was made to unseat Purman, who pretends to represent the Republicans Florida. It should have been done. According to his own statement, he has not been in Florida in three years-resides now in the State of Pennsylvania. Besides that he is a scurvy, unreliable fellow. It is too bad that the Republicans of Florida should be represented by such a person. He is neither a Republican nor a man. He ought to have been kicked out of the committee without ceremony. He was saved upon a technically, but that ought not to have availed him anything. We regret that he didn't go out.

for 1880.

During the coming Presidential year, the DAILY CHRONICLE will take an active part in the vigorous discussions of all political issues involved, and will, at the same time, keep its readers fally posted on all the important events of the day. It will do whatever is honest and legitimate to promote the success of the Republican ticket, placing fidelity to the interests of that party above any personal aims or privata ambition. To this end it will favor the selection of good men with clear records, personal and political, for standard bearers in the coming canvass, and when such are selected, it will do everything reasonable to secure

their success. In State politics, the CHRONICLE will support no man for any office, from Governor down to constable, who is not in favor of paying the State debt upon terms satisfactory to the creditors of the State. It will oppose the efforts of repudiationists to drag the entire State down to their low and degraded standard, first, last and all the time, and even though the repudiationists should be successful, it will continue to denounce them and their infamous schemes.
